TRAINING AND CERTIFICATION PROGRAM

Relational Wisdom + Peacemaking + Shepherding + Coaching + Christian Conciliation

Available 100% Online

OVERVIEW

RW360 training integrates the principles of [relational wisdom](#) (an enhanced, biblical form of emotional intelligence), peacemaking, shepherding, coaching and Christian conciliation. These principles can be applied in all areas of life, including church leadership, the workplace, marriage and parenting, friendships and legal disputes.

The conflict resolution portions of training are based on the biblical principles set forth in Ken Sande's book, [The Peacemaker](#), which has sold over 500,000 copies in twenty languages.

This training is offered in four levels:

- **Basic Training** is designed to equip individuals to **personally apply** the principles of relational wisdom and peacemaking in their own families, churches and workplaces. *Discovering Relational Wisdom* is a **required prerequisite** for all other training courses.
- **Intermediate Training** is designed to equip individuals to **train and assist others** to practice relational wisdom and peacemaking in their families, churches and work lives.
- **Advanced Training** is designed to equip **pastors, church, ministry and nonprofit leaders and workplace managers** with enhanced skills that **improve their job performance** and enable them to **lead and serve others more effectively**.
- **Certification Training** is designed to provide ongoing training and accountability for individuals who are serving as coaches or conciliators at a **professional level**.

Some certificates have similar requirements and may be completed simultaneously.

Portions of this training program are still under development, so requirements and costs are subject to change as RW360 integrates new content.

Although these training programs are available 100% online, many people begin their training process by attending RW360's Annual [Sowing Peace Conference](#), where they have the opportunity to be inspired by nationally recognized keynote and workshop speakers and to form mentoring relationships with experienced individuals who can accelerate their growth as an instructor, coach or conciliator.

DISCOVERING RELATIONAL WISDOM™ CERTIFICATE

Cost: \$49 | Study Time: 10 hours

Relational wisdom (RW), in essence, is your ability to love God with all your heart and to love your neighbor as yourself ... in other words, RW is simply your ability to live out the two Great Commandments as summarized by Jesus in Matthew 22:37-39.

In modern terms, relational wisdom may be defined as a biblically-grounded, gospel-driven form of emotional intelligence that enables you to discern emotions, interests and abilities in yourself and others, to interpret this information in the light of God's Word, and to use these insights to manage your responses and relationships constructively.

One of the easiest ways to begin improving your relational wisdom is to go through RW360's **online course**, *Discovering Relational Wisdom*, which is available for \$49 through the [RW Academy](#). You can complete the course on your own, but studying with a spouse, friend or co-worker makes the training more enjoyable and life-changing.

Another way you could study these concepts is to lead an eight-week *Discovering Relational Wisdom* **group study**. Group study sets are available in both a [faith-based \(Christian\) version](#), which is designed for Sunday school or a home study group, and a [values-based \(secular\) version](#), which is designed for use in the workplace and other secular settings for [professional development](#).

No special training is required to lead a group study since all of the actual teaching is provided by video (DVD or flash drive). As a moderator, your role is simply to host meetings (in person or by phone or video conferencing), play the videos and lead discussions using the application questions in the course materials.

You can use these resources to teach relational wisdom to **every person in your church, ministry or business** as a way to strengthen relationships, improve unity and teamwork and equip people with skills that enable them to "get upstream of conflict."

For more information on how to use these resources to train your staff in a business, school or other organization, [click here](#).

For more information on how to host a **live seminar or webinar** to introduce your church, ministry, business, school or other organization to these concepts, [click here](#).

RELATIONAL PEACEMAKING™ CERTIFICATE

Cost: \$49 | Study Time: 14 hours

RW360's Relational Peacemaking course integrates relational wisdom with the peacemaking principles set forth in *The Peacemaker: A Biblical Guide to Resolving Personal Conflict*.

This training will strengthen your ability to live out the peacemaking concepts of confession, repentance, correction, forgiveness, negotiation, mediation and arbitration to resolve conflicts in a way that honors God, promotes justice, restores relationships and, most importantly, demonstrates the reconciling power of the gospel.

One of the easiest ways to begin improving your peacemaking skills is to go through RW360's **online course**, *Relational Peacemaking*, which is scheduled for release through the [RW Academy](#) in July of 2022. You can complete the course on your own, but studying with a spouse, friend or co-worker makes the training more enjoyable and life-changing.

Another way you could study these concepts is to lead a twelve-week *Relational Peacemaking* **group study**. Group study will be available in a faith-based (Christian) version, which is designed for Sunday school or a home study group, and eventually in a values-based (secular) version, which is designed for use in the workplace and other secular settings for [professional development](#).

No special training is required to lead a group study since all of the actual teaching is provided by video (DVD or flash drive). As a moderator, your role is simply to host meetings (in person or by phone or video conferencing), play the videos and lead discussions using the application questions in the course materials.

You can use these resources to teach biblical conflict resolution to **every person in your church, ministry or business** to strengthen relationships, improve unity and teamwork and equip people with skills that enable them to "get upstream of conflict."

For more information on how to use these resources to train your staff in a business, school or other organization, [click here](#).
